എന്നാൽ നോഹക്കു യഹോവയുടെ കൃപ ലഭിച്ചു. ഉല്പത്തി 6:8

"But Noah found grace in the eyes of the LORD." Genesis 6:8:

Reading Ref: - Genesis 6:1-9, 17

Have you heard about "Tsunami"? What is Tsunami? When an earthquake takes place underwater (in sea), it creates big sky-high waves, which wash away the seashore and cause severe damages. Similarly, there is another natural calamity, which is known as "flood". You know how many people and animals were dead due to these natural calamities. Long time ago there occurred a great flood in this world. However, one family who served the Lord with their whole heart was saved from that flood and we will learn that great incident today.

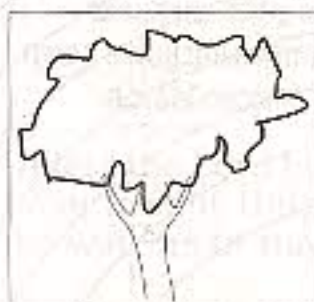

There lived a God-fearing man named Noah many centuries back. He had his wife, and three children named Shem, Ham and Japheth. Noah used to pray to the Lord and worship Him along with family and the children obeyed him in all their ways and loved their parents. Theirs were a happy family.

But, the people at that time, were wicked, ungodly and very bad in their character. They never obeyed the commands from the Lord and chose to do whatever they wanted. Therefore, God decided to remove all these evildoers from the earth and said to Noah "I will bring forth a great flood and destroy all these disobedient sinners from the face of the earth. But I will save you and your family with your children and their family too. You must build an "Ark" (A big boat/ship). To escape from the flood, you, and your whole family must enter the "ark". A pair from every creature in the world must be taken along with you inside the ark. And you must take sufficient food for you as well as them". (Allow the children to explain what Noah did). But the people mocked Noah and did not listen to him. Once the work completed, Noah's family and all the creatures entered into the ark as God commanded. God closed the door of the ark. Then it started raining in the earth. Day 1, 2, 3..., Week 1, 2, 3... It rained continuously for 40 days and nights. The earth was flooded. All the disobedient people, houses, trees were drowned. Even the tall mountains were under water. All the mankind and remaining animals drowned and died. But the ark moved smoothly over the water just like a sailing ship. The level of water rose continuously up for 150 days (5 months).

Then God remembered Noah. His food stock might have finished by now, isn't it? God sent a wind and the water level started decreasing. The ark rested on top of a mountain called Ararat. Noah's family and all the animals came out of the ark. Noah offered a thanksgiving sacrifice to God. Upon accepting the offering from Noah, God blessed him and said: "I will not destroy the earth again. I do set my bow in the cloud, and it shall be the token of a covenant between me and the earth; and when I look upon it, I will remember my everlasting covenant". God blessed Noah and his family and they lived on the earth. Thus, rainbow came in to being.

Message: God protects his obedient children

പെട്ടകം ഉണ്ടാക്കിയ മരം ഏത്? കളർ ചെയ്യുക
Colour the tree used for building the ark

തേക്ക്
