Introduction : Do you like infant? Do you have little brother and sister at home? Do you like to take them in your hands? Do you know how to carry them? Have you ever noticed how do mothers lift and carry them? Do you know in which house your birth was? Our savior and the savior of the world was born like us as an infant like us. The savior of the world did not get a house to take his birth. We shall study how those events were.
